OUTDOOR TIMBER PRODUCTS

# WELCOME TO OUR RANGE OF GARDEN PRODUCTS FOR 2015

**"KDM's aim is to offer their customers exclusive and original products that meet the very highest standards of timber manufacturing. We are committed to provide our customers the ultimate in quality products, unrivalled service and value for money."**

**PANELS**

**GATES**

**GARDEN FURNITURE**

**DECORATIVE LATTICE**

**BORDER & DECK PANELS**

**ARBOURS & ARCHES**

**DECKING & ACCESSORIES**

**We strive to continually add value whilst providing the perfect decorative solution to space, privacy and security within your natural garden environment.**

For the 2015 season KDM have made some important additions enhancing our reputation as the leading supplier of outdoor added value timber products. The focus of our product range is to add value, provide variety and options to suit all tastes and budgets.

Whilst developing our outdoor timber products range we have remained true to our core values of building successful and sustainable business partnerships from producer to end user. To reinforce our commitment to the environment we hold FSC® and PEFC Chain of Custody Certification.

We pride ourselves on our quality, range of product groups, stock holding, distribution facilities and offering a prompt delivery service throughout the UK and Ireland. In line with new industry and treatment standards, for in-ground contact products, all of KDM's Fencing Posts, Slotted Posts, Newels and some Arbour and Arch Posts are produced from Redwood only, cut 2/4ex log, kiln dried to 18-28% moisture content and pressure treated to Use Class 4.

All of KDM's imported products are manufactured from selected softwood, stainless steel fixings and treated with a high quality preservative. With the exception of our Willow and Hazel panels all our products are supplied pressure treated with a light green preservative to enhance the decorative style and protect the timber from insect infestation, fungal decay and rot. The treatment colour may vary depending on timber species and chemicals. The light green colour will fade as the timber is exposed to weather conditions and further staining will be required to enhance the products appearance.

To maintain the company's policy of continuous product development we reserve the right to change and improve specifications. As with all natural timber products they will be subject to movement and deterioration as they season. This may become evident with shakes, splits and warping. Timber is a natural product and these are not considered to be a fault or defect.

The mark of responsible forestry

Buying products identified with either schemes logo helps support the growth of responsible forest management worldwide.

'The global benchmark for responsible forest management' The FSC® logo identifies products which contain wood from well managed forests certified in accordance with the rules of the Forest Stewardship Council®.

The PEFC logo identifies products which contain wood from well managed forests certified in accordance with the rules of the Programme for the Endorsement of Forest Certification Schemes.

# FENCE PANELS, POSTS & ACCESSORIES

At KDM, we are very conscious of our economic and environmental responsibilities and believe the Use Class 4 treatment on all our posts will save the customer financially and have a reduced impact on the environment. They are all produced from pine, dried to 28% moisture content or below prior to treatment, treated under pressure with the correct preservative solutions and labelled for traceability. All of which ensures a longer life expectancy.

## PLANED & RIBBED PINE POSTS 4 way rounded top

<i>Size – 2/4 ex log</i>	<i>Order Code</i>
100mm x 100mm x 1.8m PAR to finish 90mm x 90mm	P100 - 1.8

## SMOOTH PLANED PINE POST 2 way rounded top

<i>Size – 2/4 ex log</i>	<i>Order Code</i>
100mm x 100mm x 1.35m PAR to finish 90mm x 90mm	P100 - 1.35

Ideally suited to KDM's border, picket and decking products.

All Planed & Ribbed posts treated to Use Class 4 are individually marked and carry a 10 year warranty.

We recommend all posts are annually retreated at ground level to maintain the product and protect the timber against fungal and insect attack.

## DELIVERY, STOCK HOLDING AND ORDER OPTIONS

We aim to offer our customers complete flexibility and ease of ordering when placing their business with KDM. We are able to achieve this through our extensive stock holding commitments, pack quantity options, product range and distribution facilities.

All products in our brochure are available for order on a pick-a-pack basis either ex-works or through our extensive delivery service throughout the UK. All of which allow our customers to order a complete mix of products on one delivery and minimise their stock holding. Additionally we are able to offer direct loads and special orders from our producers.
